

On behalf of members, the USAPEEC Trade Policy and Technical Services Team helped resolve issues involving 20 containers of product with an estimated market value of nearly \$1 million in April alone.

Products including chicken paws, boneless skinless breast, chicken leg quarters, fowl wings, and feet were involved.

The affected shipments were related to numerous markets including Chile, China, Vietnam, Angola, Guatemala, the UAE, and Kuwait.

The USAPEEC Trade Policy and Technical Services Team is made up of Garrett Borkhuis, Director of Trade and Technical Services, and Ben Morris, Manager of Trade and Technical Services.
